International perspectives on a form of activist, participatory theater with marginalized groups in cities around the world

Audio material to accompany the book is available at the following website: www.euppublishing.com/page/ArabicToday/audioA student, business and professional course in spoken and written Arabic aimed at those with no prior knowledge of the language.Suitable for business professionals and students wanting to communicate directly with people and institutions in the Arab world, Arabic Today is a self-contained course in contemporary Arabic. Tuition tends to concentrate either on the written language (never used in everyday speech) or on a selected regional dialect (which is never written down). Arabic Today breaks with this tradition, capitalising on the emerging form of spoken Pan-Arabic. This supraregional form of educated speech is drawn from the most influential areas, as well as the modern written word. So whether you wish to speak the language or add writing skills as well, this course book and accompanying audio website are the ideal tools for self-tuition and classroom use. The second edition of this book has been thoroughly revised and updated to make it relevant to a new generation of readers. Grammar is explained more clearly and precisely, the reading material has been updated and the typography is clearer. New word indexes give meanings and reference for the vocabulary and together with the grammar index they offer an invaluable additional reference function.

The history of the Islamic faith on the continent of Africa spans fourteen centuries. For the first time in a single volume, The History of Islam in Africa presents a detailed historic mapping of the cultural, political, geographic, and religious past of this significant presence on a continent-wide scale. Bringing together two dozen leading scholars, this comprehensive work treats the historical development of the religion in each major region and examines its effects. Without assuming prior knowledge of the subject on the part of its readers, The History of Islam in Africa is broken down into discrete areas, each devoted to a particular place or theme and each written by experts in that particular arena. The introductory chapters examine the principal “gateways” from abroad through which Islam traditionally has influenced Africans. The following two parts present overviews of Islamic history in West Africa and the Sudanic zone, and in subequatorial Africa. In the final section, the authors discuss important themes that have had an impact on Muslim communities in Africa. Designed as both a reference and a text, The History of Islam in Africa will be an essential tool for libraries, scholars, and students of this growing field.

Hunter-gatherer research has experienced enormous expansion over the past three decades. In the late 1950s less than a score of anthropologists were actively engaged in issue-oriented studies of foraging populations. Since then, the number of active researchers has grown into the hundreds.This book offers the most up-to-date anthology of papers on hunter-gatherer research and contains possibly the most comprehensive bibliography on hunter-gatherers ever published. It will be essential reading for all students of hunter-gatherer societies.

Meditation and Judaism is a comprehensive work on Jewish meditation, encompassing the entire spectrum of Jewish thought_from the early Kabbalists to the modern Chassidic and Mussar masters, the sages of the Talmud, to the modern philosophers. Both a scholarly, in-depth study of meditative practices, and a practical, easy to follow guide, Meditation and Judaism is for anyone interested in meditating the Jewish way. The word meditation calls to mind the traditional, obvious associations that society has accumulated. Meditation and Judaism attempts to broaden our view of meditation, demonstrating that meditation is prevalent within so many of the common Jewish practices. While there are many paths that lead in the same direction, the ultimate destination of meditation is a metamorphosis into a more G-dly and spiritual person. This scholarly work is sourced in authentic Jewish thought, yet it has been written in a manner that will appeal to the modern reader. It is an enlightening read for the scholar and the layman alike.
