Whether you are a Muslim or not, the book is a pure historical narrative of what happened after the death of Prophet Muhammad (peace be upon him). Hazleton empathises with how muddy this topic can be due to the fact that both schools of thought affirm/deny certain historical events but does her best to bring both sides together.

The extraordinary life of the man who founded Islam, and the world he inhabited—and remade. Lesley Hazleton's new book, *Agnostic: A Spirited Manifesto*, is out now from Riverhead Books. Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, nonviolence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but his lastingly relevant legacy.

There is no woman with a worse reputation than Jezebel, the ancient queen who corrupted a nation and met one of the most gruesome fates in the Bible. Her name alone speaks of sexual decadence and promiscuity. But what if this version of her story, handed down to us through the ages, is merely the one her enemies wanted us to believe? What if Jezebel, far from being a conniving harlot, was, in fact, framed? In this remarkable new biography, Lesley Hazleton shows exactly how the proud and courageous queen of Israel was vilified and made into the very embodiment of wanton wickedness by her political and religious enemies. Jezebel brings readers back to the source of the biblical story, a rich and dramatic saga featuring evil schemes and underhanded plots, war and treason, false gods and falser humans, and all with the fate of entire nations at stake. At its center are just one woman and one man—the sophisticated Queen Jezebel and the stark prophet Elijah. Their epic and ultimately tragic confrontation pits tolerance against righteousness, pragmatism against divine dictates, and liberalism against conservatism. It is, in other words, the original story of the unholy marriage of sex, politics, and religion, and it ends in one of the most chillingly brutal scenes in the entire Bible. Here at last is the real story of the rise and fall of this legendary woman—a radically different portrait with startling contemporary resonance in a world mired once again in religious wars.

*Includes pictures *Discusses the political and religious history of both main branches of Islam *Includes footnotes and a bibliography for further reading "Our followers are of three kinds, one who follows us but depends on others, one who is like a glass involved in his own reflections, but the best are those who are like gold, the more they suffer the more they shine." - Muhammad al-Baqir Different branches of the same religion are the exception more than the rule, and they have had a profound impact upon history. The schism between the Orthodox and Catholic Churches influenced relationships between nations across Europe, and religious intolerance based on different Christian faiths led to persecution and outright violence across the continent for centuries. The Protestant Reformation split Christianity further, and the results culminated in the incredibly destructive Thirty Years' War in the 17th century. Today, the most important religious split is between the Sunnis and the Shias (Shiites) within Islam. Unlike divisions in other faiths - between Conservative and Orthodox Jews or Catholic and Protestant Christians - the split between the Sunnis and Shia has existed almost as long as the faith itself, and it quickly emerged out of tensions created by the political crisis after the death of the Prophet Muhammad. In a sense, what are now two

different forms of Islam essentially started as political factions within the unified body of Muslim believers. Over the past few centuries, Christians have mostly been able to live alongside their co-religionists, but the split between the Sunnis and Shias is still so pronounced that many adherents of each branch view each other with disdain if not as outright apostates or non-believers. The religious divide is perhaps the most important fault line in the turbulent Middle East today, with Sunni nations like Egypt and Saudi Arabia at odds with Shiite nations like Iran. At lower levels, non-state groups like the Islamic State and Hezbollah are fighting each other in ways that cross state lines in places like Lebanon, Iraq, and Syria. Although it is technically a split in religion, the divide has had substantial global ramifications for decades, and there seems to be no end in sight. The History of the Sunni and Shia Split traces the origins of the split and the historic effects of the main divide within Islam. Along with pictures of important people, places, and events, you will learn about the history of the Sunnis and Shias like never before, in no time at all.

Starting with a dark-skinned girl barely out of adolescence when she gives birth, Lesley Hazleton weaves together the many facets of Mary's existence: peasant villager, wise woman and healer, activist, mother, teacher, and yes, virgin, though in a sense we have long forgotten. She follows her through the worst any mother can experience-the excruciating death of her child-and then looks at how she transforms grief into wisdom, disaster into renewal. Strong and courageous, the Mary we see here does not merely assent to her role in history, but chooses it and lives it to the fullest.
