Chapter 22 The Great Depression and the New Deal in Georgia

Introduction. The wonder of the stock market permeated popular culture in the 1920s. Although it was released during the first year of the Great Depression, the 1930 film High Society Blues captured the speculative hope and prosperity of the previous decade. "I'm in the Market for You," a popular musical number from the film, even used the stock market as a metaphor for love: You're ...

23. The Great Depression | The American Yawp Reader

The Great Depression was a severe worldwide economic depression that took place mostly during the 1930s, beginning in the United States. The timing of the Great Depression varied across the world; in most countries, it started in 1929 and lasted until the late 1930s. It was the longest, deepest, and most widespread depression of the 20th century.

weaknesses that would ultimately lead to the Great Depression of the 1930s 2. Key industries began losing out to advanced machinery and foreign competition (textiles, steel, and RRs) 3.

In this major scholarly study of the life of Joseph A. Schumpeter, one of the great intellectual figures of the twentieth century, the distinguished economist Wolfgang Stolper delves into the mind of his former teacher, exploring the development of his ideas and, especially, their influence on politics and public policy. After reflecting briefly on Schumpeter the man, Stolper explains the evolution of Schumpeter's work, particularly his insights during the 1920s on public finance, his contributions to monetary theory and the study of business cycles, and his writings on socialism. Stolper goes on to describe and evaluate Schumpeter's public activities following World War I and his role as a finance minister, placing the development of his thought in the turbulence political context of his times. Drawing on a vast array of new and exciting sources, Stolper paints a portrait of his mentor as a decent, ambitious, and complex man whose many insights into economy and society found their way outside of the academy and into the practical world of economic policy. All readers interested in the history of economic thought and twentieth-century political and intellectual history will find this book invaluable. Wolfgang Stolper is Professor Emeritus of Economics at the University of Michigan. He is author of *The Structure of the East German Economy and Planning Without Facts* and has made seminal contributions to international economics. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Although Latin America weathered the Great Depression better than the United States and Europe, the global economic collapse of the 1930s had a deep and lasting impact on the region. The contributors to this book examine the consequences of the Depression in terms of the role of the state, party-political competition, and the formation of working-class and other social and political movements. Going beyond economic history, they chart the repercussions and policy responses in different countries while noting common cross-regional trends--in particular, a mounting critique of economic orthodoxy and greater state intervention in the economic, social, and cultural spheres, both trends crucial to the region's subsequent development. The book also examines how regional transformations interacted with and differed from global processes. Taken together, these essays deepen our understanding of the Great Depression as a formative experience in Latin America and provide a timely comparative perspective on the recent global economic crisis. Contributors. Marcelo Bucheli, Carlos Contreras, Paulo Drinot, Jeffrey L. Gould, Roy Hora, Alan Knight, Gillian McGillivray, Luis Felipe Sáenz, Angela Vergara, Joel Wolfe, Doug Yarrington

Describes the people and events that have shaped the state's history

Told from the point of view of a young boy, this account shows how a family "faced the 1930s head on and lived to tell the story." It is the story of growing up in southern Illinois, specifically the Marion, area during the Great Depression. But when it was first published in 1972 the book proved to be more than one writer's memories of depression-era southern Illinois. "People started writing me from all

over the country," Hastings notes. "And all said much the same: "You were writing about my family, as much as your own. That's how I remember the 1930s, too.'" As he proves time and again in this book, Hastings is a natural storyteller who can touch upon the detail that makes the tale both poignant and universal. He brings to life a period that marked every man, woman, and child who lived through it even as that national experience fades into the past.
