abolitionists As Ruth Bader Ginsburg has noted, people who are well represented at trial rarely get the death penalty. But as Marc Bookman shows in a dozen brilliant essays, the problems with capital punishment run far deeper than just bad representation. Exploring prosecutorial misconduct, racist judges and jurors, drunken lawyering, and executing the innocent and the mentally ill, these essays demonstrate that precious few people on trial for their lives get the fair trial the Constitution demands. Today, death penalty cases continue to capture the hearts, minds, and eblasts of progressives of all stripes—including the rich and famous (see Kim Kardashian’s advocacy)—but few people with firsthand knowledge of America’s “injustice system” have the literary chops to bring death penalty stories to life. Bookman. With a voice that is both literary and journalistic, the veteran capital defense lawyer and seven-time Best American Essays “notable” author exposes the dark absurdities and fatal inanities that undermine the logic of the death penalty wherever it still exists. In essays that cover seemingly “ordinary” capital cases over the last thirty years, Bookman shows how violent crime brings out our worst human instincts—revenge, fear, retribution, and prejudice. Combining these emotions with the criminal legal system’s weaknesses—purposely ineffective, arbitrary, or widely infected with racism and misogyny—is a recipe for injustice. Bookman has been charming and educating readers in the pages of *The Atlantic*, *Mother Jones*, and *Slate* for years. His wit and wisdom are now collected and preserved in *A*

changes, and dream that something can, this is a story of how it does.”—Anand Giridharadas, *The New York Times* Book Review WINNER OF THE J. ANTHONY LUKAS AWARD In 1972, the United States Supreme Court made a surprising ruling: the country’s death penalty system violated the Constitution. The backlash was swift, especially in Texas, where executions were considered part of the cultural fabric, and a dark history of lynching was masked by gauzy visions of a tough-on-crime frontier. When executions resumed, Texas quickly became the nationwide leader in carrying out the punishment. Then, amid a larger wave of criminal justice reform, came the death penalty’s decline, a trend so durable that even in Texas the punishment appears again close to extinction. In *Let the Lord Sort Them*, Maurice Chammah

charts the rise and fall of capital punishment through the eyes of those it touched. We meet Elsa Alcala, the orphaned daughter of a Mexican American family who found her calling as a prosecutor in the nation's death penalty capital, before becoming a judge on the state's highest court. We meet Danalynn Recer, a lawyer who became obsessively devoted to unearthing the life stories of men who committed terrible crimes, and fought for mercy in courtrooms across the state. We meet death row prisoners—many of them once-famous figures like Henry Lee Lucas, Gary Graham, and Karla Faye Tucker—along with their families and the families of their victims. And we meet the executioners, who struggle openly with what society has asked them to do. In tracing these interconnected lives against the rise of mass incarceration in

and the death penalty by reconciling its reasoning with the societal and legal context of the modern day. Cesare Beccaria, considered one of the founding fathers of Enlightenment penology and legal theory, is perhaps most well known for his treatise *On Crime and Punishment* in which he argues against punitive administration of torture and capital punishment. This paper analyzes the arguments proposed by Beccaria and reasserts their modern relevance to contemporary legal conversation on the death penalty and government-administered torture. Weaknesses in Beccaria's argument such as his questionably justified causal claims on human behavior are examined, but ultimately found to not render his argument less sound insofar as it seeks to discredit capital punishment. Beccaria's own model of social contract
