Case File: The First Unsittable Summary: The Association Linking Intergalactics and Earthlings (hereby known as A.L.I.E.N.) has a new member. After months of investigation, Gabby Duran, Associate 4118-25125A, has proven herself to be a babysitter extraordinaire. Her celebrity clients fly her around the country to care for their rambunctious little humans. Our spy, Associate 4118-23432B, otherwise known as Edwina, believes Gabby can be trusted with the truth: aliens are living among humans on Earth. And here at A.L.I.E.N we believe that even extraterrestrials need a babysitter now and then. No one was up to the task..until now. After accepting the top-secret position, Edwina has paired our new associate up with her first charge, a little girl from the planet Flarknartia. The timing for associate 4118-25125A is less than ideal. It's a school day on Planet Earth, Gabby's audition for the solo part in the band is tonight, and this tiny alien is a bit more than meets the eye. Can Gabby Duran, Associate 4118-25125A, First Sitter to the Unsittables, keep her otherworldly charge safe in the unpredictable halls of middle-school and keep A.L.I.E.N hidden?

When Gabby is tasked with watching after three new alien clients from three different alien planets while their parents go to a PTA meeting she jumps at the chance. What could possibly go wrong? Well, it's Gabby, so . . . pretty much everything. In fact, things go so totally awry that A.L.I.E.N. is forced to use its memory wipe technology on Gabby and everyone she knows and move her entire family to a new town-thereby setting up the start-from-scratch story that will take place in the new Disney Channel Original Series.

When Gabby Duran is recruited to babysit aliens secretly residing in her hometown, the unapologetically bold tween receives an Intergalactic Babysitter Orientation Guide from her school principal, who also happens to be an extra-terrestrial. Though not a by-the-book kind of girl, Gabby refers to this information-packed guide for what she needs to know to successfully babysit kids from another planet, including a dossier of potential clients, a rundown of otherworldly gadget, and tips and tricks for dealing with her unusual charges. As the best babysitter in the galaxy, Gabby even shares a few tricks of her own!

When Gabby Duran moves to quiet Havensburg with her successful mom and overachieving little sister, she's recruited by her school principal for a special babysitting gig. The fearless and unapologetically bold new girl in town soon discovers her young charges aren't your standard unruly kids. They are very important extra-terrestrial children hiding on Earth with their families, and it's her job to protect them and their secret identities, and prove she's the best babysitter in the galaxy!

Discover the hilarious adventures of a plucky babysitter that inspired the Disney Channel original series! Gabby Duran and the Unsittables Case File: The First Unsittable Summary: The Association Linking Intergalactics and Earthlings (hereby known as A.L.I.E.N.) has a new member. Can Gabby Duran, Associate 4118-25125A, First Sitter to the Unsittables, keep her otherworldly charge safe in the unpredictable halls of middle-school and keep A.L.I.E.N hidden? Gabby Duran: Troll Control Case File: The Second Unsittable Summary: Here at A.L.I.E.N. we believe in strengthening the bonds between humans and intergalactics so that one day all beings can live together on Earth in harmony. That day has not come. But our Associates are working hard to achieve this goal, including Gabby Duran, Associate 4118-25125A, Sitter to the Unsittables. Upon successfully completing her first mission, we have assigned Gabby a more . . . puzzling charge. The relationship between trolls and humans has always been rife with tension, and the troll family Gabby is assigned to is especially prickly. But Gabby is not fazed. Our footage shows Associate 4118-25125A playing, laughing, and snacking with Trymmy, the little troll boy, who seems to be thoroughly enjoying himself. Our liason, Edwina, informed Gabby that trolls love nothing more than a riddle-and stealing items from unsuspecting humans to add to their trove-but Gabby's certain that all this young troll wants is to have fun. However, it might not be as simple as she thinks. After all, there's a reason this particular alien offspring has been labeled "Unsittable."

CASE FILE: THE FINAL (?) UNSITTABLES SUMMARY: With the entire Unsittables program in jeopardy of termination, Gabby Duran, Associate 4118-25125A has been tasked with caring for three young charges on the afternoon of a highly important Planetary Treaty Association (P.T.A.) meeting-one that could change the fate of the entire galaxy. While Gabby has proven in the past to be resourceful in a crisis, the members of A.L.I.E.N. currently have serious doubts about whether she has what it takes to protect the lives, and the identities of aliens here on earth. But we've decided to give her one last chance to prove herself. Of course, it won't be easy. Her three new clients hail from three different alien planets and each have special powers that require a deep well of patience on the part of their caretaker. We also have recently received word that one of her charges, a young girl by the name of Sharli, has become the target of certain unsavory intergalactic elements who might wish to do her harm. Will Gabby manage to keep the girl safe (and on-planet) until her mother returns from her P.T.A. meeting? Will any of us live to tell the tale? This fast-paced, planet-hopping, laugh-inducing novel perfectly wraps up the Gabby Duran and the Unsittables book series while catapulting readers into the action of the new Disney Channel Original Series of the same title, now airing on Disney Channel!

When Gabby Duran moves to quiet Havensburg with her successful mom and overachieving little sister, she's recruited by her school principal for a special babysitting gig. The fearless and unapologetically bold new girl in town soon discovers her young charges aren't your standard unruly kids. They are very important extra-terrestrial children hiding on Earth with their families, and it's her job to protect them and their secret identities, and prove she's the best babysitter in the galaxy!

CASE FILE: The Third (and fourth and fifth and sixth . . .) Unsittable SUMMARY: Gabby Duran, Associate 4118-25125A, Sitter to the Unsittables, has proven herself an integral member of A.L.I.E.N.--the Association Linking Intergalactics and Earthlings as Neighbors. She has amassed an impressive roster of alien clients, and is a trusted babysitter among humans and intergalactics alike. We here at A.L.I.E.N. are proud to call her one of our greatest success stories, and believe she is ready to take on more responsibility. Which is why Gabby has now been entrusted with the care of one of our most volatile charges. His name is One and he's a member of the Tridecalleon species. While One and his parents present the appearance of a normal, human family, they have some intriguing qualities that make caring for their young a unique challenge. And while, under normal circumstances, inviting outsiders to aid an agent with an Unsittable job would be strictly forbidden, we have decided to forgive Gabby calling in her friends Satchel and Zee in this case. After all, a babysitter only has so many hands. (Unless, of course, he or she is a Flarknartian.) Making this highly unstable situation an even greater challenge? Gabby has also been assigned to protect a very dangerous object--one that, if it falls into the wrong hands, could cause the destruction of Earth itself. It remains to be seen whether Gabby and her friends are able to handle the demands of eleven . . . wait, twelve . . . no, thirteen babies, while ensuring the safety of the world at the same time. All we can do is wait, and hope, and trust. And ready our escape pods.

Case File: The Second Unsittable Summary: Here at A.L.I.E.N. we believe in strengthening the bonds between humans and intergalactics so that one day all beings can live together on Earth in harmony. That day has not come. But our Associates are working hard to achieve this goal, including Gabby Duran, Associate 4118-25125A, Sitter to the Unsittables. In the kingdom of Kaloon, nothing is quite as it seems.... "Y-y-y-you," he stammered, and Flissa turned to see he'd gone ashen. "T-t-t-two of you!" Uh-oh. Flissa reached up and checked. Sure enough, her hood had fallen off. Their secret was out. Princesses Flissa and Sara are even closer than most twins. In fact, most of the kingdom thinks they're the same person. When magic was outlawed in Kaloon generations ago, twins, black cats, and other potentially -magical beings were outlawed, too. Since they were born, Flissa and Sara have pretended to be one princess, Flissara, trading off royal duties like attending glamorous balls, participating in fencing exhibitions, and making friends with other young nobles, all while hiding in plain sight. But when the first magical attack in years puts their mother's life in danger, the girls must break the rules that have protected them to save her. With a brave servant boy and his plucky black kitten as their guides, they set off on an epic quest to the Twists-a forbidden place full of dark magic-to find the evil mage who cursed the queen. With a case of mistaken identity, a wickedly powerful exile out for vengeance, and time running out for their mother, the twins might just need to make their own magic to save the day. In the first book of this new series, author Elise Allen brings to life a fantastical world filled with high-stakes adventure, incredible twists, and all the spark and humor of sisterhood.
