Book Review: Growing up in the People's Republic. Introduction. I do not want to elaborate on this book because it is especially new (it can be published in 2005) or especially famous. I want to centre my comment upon this book because it is an excellent book, which allows us to see history from a different perspective; which sheds light upon the very process of history writing, and also upon some of the most controversial periods of recent Chinese history: The Great Leap Forward, the ...

Book Review: Growing Up In The People's Republic ... Young people thought that skills gained through experience, even in difficult circumstances, were generally more relevant to growing up than formal academic learning. Many felt 'adult' at a young age because of the responsibilities or adverse circumstances they experienced as children.

Young people's views and experiences of growing up | IFF

Growing up in the ghetto is rough. I managed to get out and I'm never going back, but the lessons I learned about human nature will stay with me forever. Ed Latimore Author, retired boxer, self-improvement enthusiast I was born in a housing project called Terrace Village in Pittsburgh, Pennsylvania.

5 lessons from growing up in the hood | Ed Latimore
GROWING UP IN THE 80s: PLAYTIME Kids were encouraged to go outside to play after school in the streets and expected to be home in time for dinner. We wouldn't wear watches so the moment the sun went down and street lights came on – that was our signal that our outside playtime was over.

Life in the 80s – What Life was like Growing Up In The 1980s
Growing Up in The People's Republic: Conversations between Two Daughters of China's Revolution (Palgrave Studies in Oral History) 2005th Edition. by Ye Weili (Author), Ma Xiadong (Contributor) 3.6 out of 5 stars 6 ratings. ISBN-13: 978-1403969965. ISBN-10: 1403969965.

Amazon.com: Growing Up in the People's Republic ... Growing up in the 1970s, you didn't realise that life was tough - to you, it was awesome and full of adventures. No internet, mobile phones and no Justin Bieber - sounds great, doesn't it?! We take a look back at some of the things that was great about growing-up in the 1970s - what would you add to our list?

8 Things People Don't Tell You About Growing Up Poor. ... People who feel threatened and worried as kids often take that into adulthood in the form of anxiety. I never feel relaxed about my situation.

8 Things People Don't Tell You About Growing Up Poor
Growing Up in the Ghetto: From the Projects to Home Ownership “When you are growing up in the ghetto, FI seems like a pipe dream. For most people living there, the primary goal is to escape this environment and never look back.”

Growing Up in the Ghetto: From the Projects to Home ... Growing up in the south-west, you couldn't swing a cat without hitting half a dozen National Trust properties, and I spent so many weekend and holiday outings with my family at various ones around the country. Here are some of my favourites. . . Killerton

Growing Up With The National Trust — The People's Friend
Growing up today means you grow up in a spotlight, and that comes with great responsibility. You have to constantly be aware of what you are doing, what you are saying, and who you are associating with. Because if you mess up or are with the wrong crowd, even for 10 minutes, that may backfire quicker than you can say the word backfire.

In a conversational style and in chronological sequence, Ye Weili and Ma Xiaodong recount their earlier lives in China from the 1950s to the 1980s, a particularly eventful period that included the catastrophic Cultural Revolution. Using their own stories as two case studies, they examine the making of a significant yet barely understood generation in recent Chinese history. They also reflect upon the mixed legacy of the early decades of the People's Republic of China (PRC). In doing so, the book strives for a balance between critical scrutiny of a complex era and the sweeping rejection of that era that recent victim literature embraces. Ultimately Ye and Ma intend to reconnect themselves to a piece of land and a period of history that have given them a sense of who they are. Their stories contain intertwining layers of personal, generational, and historical experiences. Unlike other memoirs that were written soon after the events of the Cultural Revolution, Ye and Ma's narratives have been put together some twenty years later, allowing for more critical distance. The passage of time has allowed them to consider important issues that other accounts omit, such as the impact of gender during this period of radical change in Chinese women's lives.

In the tradition of Jo Ann Beard's Boys of My Youth, and Mary Karr's The Liar's Club, Paula McLain has written a powerful and haunting memoir about the years she and her two sisters spent as foster children. In the early 70s, after being abandoned by both parents, the girls were made wards of the Fresno County, California court and spent the next 14 years-in a series of adoptive homes. The dislocations, confusions, and odd pleasures of an unrooted life form the basis of a captivating memoir. McLain's beautiful writing and limber voice capture the intense loneliness, sadness, and determination of a young girl both on her own and responsible, with her siblings, for staying together as a family.

In this cutting-edge anthology, contributors examine the diverse ways in which girls and young women across a variety of ethnic, socio-economic, and national backgrounds use digital technology in their everyday lives. They explore identity development, how young women interact with technology, and how race, class, and identity influence game play.

Growing Up America brings together new scholarship that considers the role of children and teenagers in shaping American political life during the decades following the Second World War. Growing Up America places young people—and their representations—at the center of key political trends, illuminating the dynamic and complex roles played by youth in the midcentury rights revolutions, in constructing and challenging cultural norms, and in navigating the vicissitudes of American foreign policy and diplomatic relations. The authors featured here reveal how young people have served as both political actors and subjects from the early Cold War through the late twentieth-century Age of Fracture. At the same time, Growing Up America contends that the politics of childhood and youth extends far beyond organized activism and the ballot box. By unveiling how science fairs, breakfast nooks, Boy Scout meetings, home economics classrooms, and correspondence functioned as political spaces, this anthology encourages a reassessment of the scope and nature of modern politics itself.

A memoir of formative years spent on a series of communes: A “wonderful account of a frankly ghastly childhood . . . Hilarious and heartbreaking” (Daily Mail). At the age of six, Tim Guest was taken by his mother to a commune modeled on the teachings of the notorious Indian guru Bhagwan Shree Rajneesh. The Bhagwan preached an eclectic doctrine of Eastern mysticism, chaotic therapy, and sexual freedom, and enjoyed inhaling laughing gas, preaching from a dentist’s chair, and collecting Rolls Royces. Tim and his mother were given Sanskrit names, dressed entirely in orange, and encouraged to surrender themselves into their new family. While his mother worked tirelessly for the cause, Tim—or Yogesh, as he was now called—lived a life of well-meaning but woefully misguided neglect in various communes in England, Oregon, India, and Germany. In 1985 the movement collapsed amid allegations of mass poisonings, attempted murder, and tax evasion, and Yogesh was once again Tim. In this extraordinary memoir, Tim Guest chronicles the heartbreaking experience of being left alone on earth while his mother hunted heaven. “An intelligent, wry, openhearted memoir of surviving a childhood and a cultural phenomenon that were both extraordinary.” —Booklist (starred review)

LGBTQ kids reveal what it’s like to be young and queer today Growing Up Queer explores the changing ways that young people are now becoming LGBT-identified in the US. Through interviews and three years of ethnographic research at an LGBTQ youth drop-in center, Mary Robertson focuses on the voices and stories of youths themselves in order to show how young people understand their sexual and gender identities, their interest in queer media, and the role that family plays in their lives. The young people who participated in this research are among the first generation to embrace queer identities as children and adolescents. This groundbreaking and timely consideration of queer identity demonstrates how sexual and gender identities are formed through complicated, ambivalent processes as opposed to being natural characteristics that one is born with. In addition to showing how youth understand their identities, Growing Up Queer describes how young people navigate queerness within a culture where being gay is the “new normal.” Using Sara Ahmed’s concept of queer orientation, Robertson argues that being queer is not just about one’s sexual and/or gender identity, but is understood through intersecting identities including race, class, ability, and more. By showing how society accepts some kinds of LGBTQ-identified people while rejecting others, Growing Up Queer provides evidence of queerness as a site of social inequality. The book moves beyond an oversimplified examination of teenage sexuality and shows, through the voices of young people themselves, the exciting yet complicated terrain of queer adolescence.

A diverse collection of autistic voices that highlights how parents can avoid common mistakes and misconceptions, and make their child feel truly accepted, valued, and celebrated for who they are. Most resources available for parents come from psychologists, educators, and doctors, offering parents a narrow and technical approach to autism. Sincerely, Your Autistic Child represents an authentic resource for parents written by autistic people themselves. From childhood and education to culture, gender identity, and sexuality, this anthology tackles the everyday joys and challenges of growing up while honestly addressing the emotional needs, sensitivity, and vibrancy of autistic kids, youth, and young adults. Contributors reflect on what they have learned while growing up on the autism spectrum and how parents can avoid common mistakes and overcome challenges while raising their child. Part memoir, part guide, and part love letter, Sincerely, Your Autistic Child is an indispensable collection that invites parents and allies into the unique and often unheard experiences of autistic children and teens.

Take a glimpse back to a unique time, place, and people in the interior of Alaska where “normal” was attending school at -60°F and so was carrying a flashlight to the bus stop both in the morning and afternoon. Join Niki as she reminisces about her childhood in Tok (pronounced “Toke”). There was no internet or cell phones; TV and radio consisted of only one station, but none of that mattered. What did matter was the people, the experiences, and the memories they created together. Discover Bucky the Moose, Mukluk Land, colorful school memories, and the ups and downs of life in an isolated land. Laugh, and maybe cry a little, as you read about the community of Tok, and the people that made it special. Here’s to remembering childhood....Here’s to Growing up Alaska.

The Pulitzer Prize–winning memoir about coming of age in America between the world wars: “So warm, so likable and so disarmingly funny” (The New York Times). Ranging from the backwoods of Virginia to a New Jersey commuter town to the city of Baltimore, this remarkable memoir recounts Russell Baker’s experience of growing up in pre–World War II America, before he went on to a celebrated career in journalism. With poignant, humorous tales of powerful love, awkward sex, and courage in the face of adversity, Baker reveals how he helped his mother and family through the Great Depression by delivering papers and hustling subscriptions to the Saturday Evening Post—a job which introduced him to bullies, mentors, and heroes who endured this national disaster with hard work and good cheer. Called “a treasure” by Anne Tyler and “a blessing” by Time magazine, this autobiography is a modern-day classic—“a wondrous book [with scenes] as funny and touching as Mark Twain’s” (Los Angeles Times Book Review). “In lovely, haunting prose, he has told a story that is deeply in the American grain.” —The Washington Post Book World “A terrific book.” —St. Louis Post-Dispatch
