Describes the life of the sharecroppers' son who became an Olympic legend and challenged Hitler's dream of Aryan superiority.

Before Usain Bolt or Tyson Gay, Bob Beamon or Carl Lewis, Jesse Owens was perhaps the greatest and most famous athlete in track and field history. Jesse Owens was born on a farm to a large family with many siblings. His grandparents had been slaves, and his sharecropper parents were poor. But against all odds, Jesse went on to become one of the greatest athletes in history. He learned to run with such grace that people said he was a "floating wonder." After setting multiple world records as a college athlete, including three in less than an hour—"the greatest 45 minutes in sport"—Owens competed in the 1936 Olympics in Berlin. Adolf Hitler intended for the games to display Aryan superiority, but Jesse disrupted that plan. He became the first American track-and-field athlete to receive four Olympic gold medals and established his legacy as a hero in the face of prejudice. This child friendly entry in David A. Adler's well-known series contains an accessible mix of biography, facts, and history supported with lifelike illustrations. Back matter includes an author's note and a timeline. For almost thirty years, David Adler's Picture Book Biography series has profiled famous people who changed the world. Colorful, kid-friendly illustrations combine with Adler's "expert mixtures of facts and personality" (Booklist) to introduce young readers to history through compelling biographies of presidents, heroes, inventors, explorers, and adventurers. These books are ideal for first and second graders interested in history or who need reliable sources for school book reports.

Part of the bestselling Little People, Big Dreams series, Jesse Owens tells the inspiring story of this track and field legend.

Both Jesse Owens and Adolf Hitler grew up in poverty, and each of the two men struggled to find their footing later in life. Owens represented the United States in the 1936 Olympics, after which he found it difficult to sustain a well-paying job. In turn, Adolf Hitler moved to Vienna as a teenager, following his parents' death, but he never found the financial success he so desperately craved as an artist. He spent most of his time in the city a penniless, unemployed young man. The similarities between the two men end there. While Adolf Hitler became angered and enraged by his circumstances, and by the fate of Germany following the First World War, Jesse Owens went out of his way to help people. Even when he faced the cruelty of racism in the United States, Owens saw the best in others. He spent most of his days working with children and teenagers, making a conscious effort to give them the guidance and support they needed to enact positive

change in the world. In contrast, Hitler turned to hatred, divisiveness, and conflict in his attempts to change the world in his image. Owens was an open-minded man who spent his life bettering the lives of his family and the community at large. Even when others asked him to denounce the racist tendencies of Adolf Hitler, he chose to grudgingly respect the German leader. Meanwhile, Hitler's experiences only fuelled his hatred of anyone who was not Aryan and German. In this book, we will explore the lives of both men leading up to the 1936 Berlin Olympics. Then, we will take a closer look at the effects of that summer on the rest of their years.
