Accelerating Through the Crisis Curve
Leadership is all about others—inspiring them to believe, then enabling that belief to become reality. That’s the essence of Leadership U: it starts with ‘U’ but it’s not about ‘U.’ Those timeless words are timelier than ever today, as leaders look to accelerate through the crisis curve. As author Gary Burnison observes, “There will likely be more change in the next two years

This is not a book about one thing. It's not a 250-paged dissertation on leadership, teams or motivation. Instead, it's an agenda for building organizations that can flourish in a world of diminished hopes, relentless change and ferocious competition. This is not a book about doing better. It's not a manual for people who want to tinker at the margins.

Instead, it's an impassioned plea to reinvent management as we know it—to rethink the fundamental assumptions we have about capitalism, organizational life, and the meaning of work. Leaders today confront a world where the unprecedented is the norm. Wherever one looks, one sees the exceptional and the extraordinary: Business newspapers decrying the state of capitalism. Once-innovative companies struggling to save offsenescence. Next gen employees shunning blue chips for socialstart-ups. Corporate miscreants getting pilloried in the blogosphere.
