In Neurosis and Human Growth, Dr. Horney discusses the neurotic process as a special form of the human development, the antithesis of healthy growth. She unfolds the different stages of this situation, describing neurotic claims, the tyranny or inner dictates and the neurotic's solutions for relieving the tensions of conflict in such emotional attitudes as domination, self-effacement, dependency, or resignation.

Neurosis and Human Growth: The Struggle Towards Self ...

Neurosis and Human Growth: The Struggle Toward Self-Realization is the magnum opus of German-American psychoanalyst Karen Horney. In it she outlines her theory of neurosis. In Horney's view, the key difference between neurosis and healthy growth is the difference between compulsive actions fueled by anxiety and spontaneous actions fueled by one's full range of emotions.

One of the most original psychoanalysts after Freud, Karen Horney pioneered such now familiar concepts as alienation, self-realization, and the idealized image, and she brought to psychoanalysis a new understanding of the importance of culture and environment.

First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Essays discuss the attention of psychoanalysts, free associations, understanding the patient, the psychoanalytic process, and resistance
Based on her clinical observations, a psychoanalyst evaluates the basis of female behavior and refutes Freudian concepts of female psychosexual development

Karen Horney (1885-1952) is one of the great figures in psychoanalysis, an independent thinker who dared to take issue with Freud's views on women. One of the first female medical students in Germany, and one of the first doctors in Berlin to undergo psychoanalytic training, she emigrated to the United States in 1932 and became a leading figure in American psychoanalysis. She wrote several important books, including Neurosis and Human Growth and Our Inner Conflicts. Horney was a brilliant psychologist of women, whose work anticipated current interest in the narcissistic personality. "An excellent book, sophisticated in its judgments, and with a candor that does justice to [Quinn's] courageous subject." — Phyllis Grosskurth, The New York Review of Books "A richly contextualized, thoroughly informed, and admirably forthright account of Horney's development and contribution." — Justin Kaplan "Excellent, sympathetic but not adulatory, clear about the theories and factions... rich in anecdotes." — Rosemary Dinnage, The New York Times Book Review "The whole book is wonderfully balanced. A terrific achievement." — Anton O. Kris, Boston Psychoanalytic Institute
