MUTCD W21-1 is a temporary warning sign used to alert drivers of upcoming road work. Orange is used on this sign because it is one of the most visible colors to the human eye, and can be noticed above other traffic signs on the road. When driving through work zones, safe driving is at its highest premium.

Why don't we always obey warnings? In discussing a wide range of issues in behavioural research of warnings, this book takes the view that a warning is but one piece of information which we take into account in deciding what - or what not - to do. This view leads the authors to the positions that warnings should be matched in their urgency to the urgency of the situation they warn about. Auditory, visual, written and symbolic
