The making of the young Rembrandt | Financial Times In Custer: The Making of a Young General, legendary Civil War historian Edward G. Longacre provides fascinating insight into this often-overlooked period in Custer's life. In 1863, under the patronage of General Alfred Pleasonton, commander of the Army of the Potomac's horsemen, a young but promising twenty-three-year-old Custer rose to the unprecedented rank of brigadier general and was placed in charge of the untried Michigan Calvary Brigade.

Young Entrepreneur The Kids Guide To Developing The Mind Set For Success — 27

Mel Brooks' own words telling all about the players, the filming, and studio antics during the production of this great comedy classic. The book is alive and teeming with hundreds of photos, original interviews, and hilarious commentary. Young Frankenstein was made with deep respect for the craft and history of cinema-and for the power of a good schwanzstucker joke. This picture-driven book, written by one of the greatest comedy geniuses of all time, takes readers inside the classic film's marvelous creation story via never-before-seen black and white and color photography from the set and contemporary interviews with the cast and crew, most notably, legendary writer-director Mel Brooks. With access to more than 225 behind-the-scenes photos and production stills, and with captions written by Brooks, this book will also rely on interviews with gifted director of photography Gerald Hirschfeld, Academy Award-winning actress Cloris Leachman and veteran producer Michael Gruskoff. Mel Brooks is an American film director, screenwriter, comedian, actor, producer, composer and songwriter. Brooks is best known as a creator of broad film farces and comic parodies including The Producers, The Twelve Chairs, Blazing Saddles, Young Frankenstein, Silent Movie, High Anxiety, History of the World, Part I, Spaceballs and Robin Hood: Men in Tights. More recently, he had a smash hit on Broadway with the musical adaptation of his first film, The Producers. An EGOT winner, he received a Kennedy Center Honor in 2009, the 41st AFI Life Achievement Award in June 2013, and a British Film Institute Fellowship in March 2015. Three of Brooks' classics have appeared on AFI's 100 Years...100 Laughs list. Blazing Saddles at number 6, The Producers at number 11, and Young Frankenstein at number 13. Judd Apatow is one of the most important comic minds of his generation. He wrote and directed the films The 40-Year-Old Virgin (co-written with Steve Carell), Knocked Up, Funny People, and This Is 40, and his producing credits include Superbad, Bridesmaids, and Anchorman. Apatow is the executive producer of HBO's Girls.

Reveals the importance of innovation in American global competitiveness, profiling some of today's most compelling young innovators while explaining how they have succeeded through the unconventional methods of parents, teachers, and mentors.

A lively and poignant biography of the young princess who, at the impressionable age of eleven, found that she was now heiress to the throne, by the New York Times bestselling author of Becoming Queen Victoria. We can hardly imagine a Britain without Elizabeth II on the throne. It seems to be the job she was born for. And yet for much of her early life the young princess did not know the role that her future would hold. She was our accidental Queen. Elizabeth's determination to share in the struggles of her people marked her out from a young age. Her father initially refused to let her volunteer as a nurse during the Blitz, but relented when she was 18 and allowed her to work as a mechanic and truck driver for the Women's Auxiliary Territorial Service. It was her forward-thinking approach that ensured that her coronation was televised, against the advice of politicians at the time. Kate Williams reveals how the 25-year-old young queen carved out a lasting role for herself amid the changes of the 20th century. Her monarchy would be a very different one to that of her parents and grandparents, and its continuing popularity in the 21st century owes much to the intelligence and elusive personality of this remarkable woman.

This intimate, revisionist portrait of Fidel Castro, showing how an unlikely young Cuban led his country in revolution and transfiged the world, is " sure to become the standard on Castro ' s early life " (Publishers Weekly). Until now, biographers have treated Castro ' s life like prosecutors, scouring his past for evidence to convict a person they don ' t like or don ' t understand. Young Castro challenges us to put aside the caricature of a bearded, cigar-munching, anti-American hothead to discover how Castro became the dictator who acted as a thorn in the side of US presidents for nearly half a century. In this " gripping and edifying narrative...Hansen brings imposing research and notable erudition " (Booklist) to Castro ' s early life, showing Castro getting his toughness from a father who survived Spain ' s class system and colonial wars to become one of the most successful independent plantation owners in Cuba. We see a boy running around that plantation more comfortable playing with the children of his father ' s laborers than his own classmates at elite boarding schools in Santiago de Cuba and Havana. We discover a young man who writes flowery love letters from prison and contemplates the meaning of life, a gregarious soul attentive to the needs of strangers but often indifferent to the needs of his own family. These pages show a liberal democrat who admires FDR ' s New Deal policies and is skeptical of communism, but is also hostile to American imperialism. They show an audacious militant who stages a reckless attack on a military barracks but is canny about building an army of resisters. In short, Young Castro reveals a complex man. The first American historian in a generation to gain access to the Castro archives in Havana, Jonathan Hansen was able to secure cooperation from Castro ' s family and closest confidants. He gained access to hundreds of never-before-seen letters and interviewed people he was the first to ask for their impressions of the man. The result is a nuanced and penetrating portrait of a man at once brilliant, arrogant, bold, vulnerable, and all too human: a man who, having grown up on an island that felt like a colonial cage, was compelled to lead his country to independence.

An account of the World War II Prime Minister's early career includes coverage of his contributions to building a modern navy, his experimentations with radical social reforms and his lesser-known romantic pursuits. By the author of the Pulitzer Prize finalist, Orwell.

When it was released in 1955, the film Rebel Without a Cause had a revolutionary impact on moviemaking and youth culture, virtually giving birth to our concept of the American teenager. For the first time, Live Fast, Die Young tells the complete story of the explosive making of Rebel, a film that has rocked every generation since its release. Set against a backdrop of the Atomic Age and an old Hollywood studio system on the verge of collapse, it vividly evokes the cataclysmic, immensely influential meeting of four of Hollywood's most passionate artists. When James Dean, Natalie Wood, Sal Mineo, and director Nicholas Ray converged, each was at a crucial point in his or her career. The young actors were grappling with fame, their burgeoning sexuality, and increasingly reckless behavior. As Ray engaged his cast in physical melees and psychosexual seductions of startling intensity, the on- and off-set relationships between his ambitious young actors ignited, sending a shock wave through the film. Through interviews with the surviving members of the cast and crew and firsthand access to both personal and studio archives, Lawrence Frascella and Al Weisel reveal Rebel's true drama -- the director's affair with sixteen-year-old Wood, his tempestuous "spiritual marriage" with Dean, and his role in awakening the latent homosexuality of Mineo, who would become the first gay teenager to appear on film. Complete with thirty photographs, including ten never-before-seen photos by famed Dean photographer Dennis Stock, Live Fast, Die Young tells the absorbing inside story of an unforgettable and absolutely essential American film -- a story that is, in many ways, as provocative as the film itself.

In 2016, 90% of young Americans reported an interest in politics. 80% intended to vote. Yet only 43% of people between the ages of 18 and 29 ended up actually casting a ballot. Making Young Voters investigates what lies at the core of this gap. The authors' in-depth, interdisciplinary approach reveals that political apathy is not the reason for low levels of youth turnout. Rather, young people too often fail to follow through on their political interests and intentions. Those with 'noncognitive' skills related to self-regulation are more likely to overcome internal and external barriers to participation. This book combines theory from psychology, economics, child development, and more to explore possible solutions rooted in civic education and electoral reform. This potentially paradigm-shifting contribution to the literature of American politics serves to influence not only our understanding of voter turnout, but also the fundamental connections between the education system, electoral institutions, and individual civic behavior in a democracy. How young people vote affects not only each individual future, but that of the United States, and of us all.

Like the movie Marshall, this book--the only biography of Thurgood Marshall to be endorsed by Marshall ' s immediate family--focuses on his early civil rights struggles and successes before Brown v. Board of Education. Thurgood Marshall was the most important American lawyer of the twentieth century. He transformed the nation's legal landscape by challenging the racial segregation that had relegated millions to second-class citizenship. He won twenty-nine of thirty-three cases before the United States Supreme Court, was a federal appeals court judge, served as the US solicitor general, and, for twenty-four years, sat on the Supreme Court. Marshall is best known for achievements after he relocated to New York in 1936 to work for the NAACP. But Marshall's personality, attitudes, priorities, and work habits had crystallized during earlier years in Maryland. This work is the first close examination of the formative period in Marshall's life. As the author shows, Thurgood Marshall was a fascinating man of contrasts. He fought for racial justice without becoming a racist. Simultaneously idealistic and pragmatic, Marshall was a passionate advocate, yet he maintained friendly relationships with his opponents. Young Thurgood reveals how Marshall's distinctive traits were molded by events, people, and circumstances early in his life. Professor Gibson presents fresh information about Marshall's family, youth, and education. He describes Marshall's key mentors, the special impact of his high school and college competitive debating, his struggles to establish a law practice during the Great Depression, and his first civil rights cases. The author sheds new light on the NAACP and its first lawsuits in the campaign that led to the 1954 Brown v. Board of Education school desegregation decision. He also corrects some of the often-repeated stories about Marshall that are inaccurate. The only biography of Thurgood Marshall to be endorsed by Marshall ' s immediate family, Young Thurgood is an exhaustively researched and engagingly written work that everyone interested in law, civil rights, American history, and biography will want to read.

Elizabeth George, author of A Young Woman After God's Own Heart (more than 230,000 copies sold), offers another life-changing teen book—A Young Woman's Guide to Making Right Choices. Today's teens are bombarded with choices about attitudes, behaviors, friends, clothes, finances, and college. And with the rise of alcohol, drugs, sexual issues, and crime, they must make serious decisions daily. Bible teacher Elizabeth George takes teens through the step-by-step process of making decisions that are life-affirming, godly, and wise in areas that include— managing emotions improving relationships developing confidence living in the center of God's will avoiding trouble and bad situations Teens will discover checkpoints to use as guides for making decisions, and they will learn to take the long view when considering consequences. Young women will also realize the tremendous wisdom, guidance, and answers available in God's Word. Great for individuals, small groups, and mentoring.
